

## 2020 Season for Potten End Cricket Club

Please note that the report differs from previous seasons, as the statistics package used has not yet been amended to cater for the latest changes on the play-cricket site, therefore I have had to try and manually re-create sections as closely to the original as possible.

Further, I have not applied any minimum innings or overs restrictions as it's been a funny old season(!) and will leave it to the committee to apply the rules when it comes to annual awards.

All statistics rely solely on the accuracy of the completed scoresheets for each match, which often leaves much to be desired. These stats reflect what was recorded on the sheets and not necessarily what happened!
