

2023 Season for Potten End Cricket Club

Please note that the statistics are only as good as the raw data provided in scoresheets, so may not completely reflect what happened – if it's not on the scoresheet, it's not in here! Additionally, the report may not exactly tally with statistics on play-cricket, as I have had to manually adjust to remove midweek cup games and any other T20 matches.

This is just a summary report, as the current stats reporting tools on play-cricket make it too difficult to report in the way that has been done in the past. If you require more detail, log in to our play-cricket website to look at individual performances.

All statistics rely solely on the accuracy of the completed scoresheets for each match, which often leaves much to be desired. These stats reflect what was recorded on the sheets and not necessarily what happened!
